Proof of adequate statistical safety for issuing an inspection certificate 3.1 according to AD 2000 Merkblatt W 2 (06/2023) Para. 6.2.2 for the austenitic standard grades of table 1a with wall thicknesses ≤ 10 mm

Dear Sir or Madam,

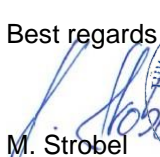

we hereby confirm that the company A.D. TUBI INOSSIDABILI S.p.A. has demonstrated, after the conclusion of the welding approval acc. to VdTÜV 1151, the quality and the uniformity of the production over an adequately long period and that the mechanical properties of tubes in standard grades acc. to AD2000 W2 table 1a are met with adequate safety.

So A.D. TUBI INOSSIDABILI S.p.A. is entitled to issue inspection certificate 3.1 instead of inspection certificate 3.2 for tubes in standard austenitic materials acc. to table 1a of AD2000 W2 with wall thicknesses ≤ 10 mm.

The 3.1 inspection certificate for such deliveries shall contain the following remark:

- "The changeover to an inspection certificate 3.1 is confirmed in letter of TÜV SÜD Industrie Service GmbH March 20th, 2024."

Best regards

M. Strobel
